24th February 2020

Dear Parent/Carer

Career Opportunities in STEM (Science, Technology, Engineering and Mathematics)

As part of National Careers Week and International Women's Day, we have been invited to take a group of female students to RNAS Culdrose on Friday 6th March 2020 between 9.15am and 12.30pm to investigate careers in STEM (Science, Technology, Engineering and Mathematics).

Students on the trip will meet women working in diverse fields in the navy, including helicopter pilots and aircrew, engineers, survival equipment specialists, physical training instructors, meteorologists and aircraft handlers. They will have the opportunity to visit of one of the helicopter squadrons and view some of the helicopters used at Culdrose.

If you would like your daughter to participate in this event, please complete the reply slip below. Please note that RNAS Culdrose have invited local media and the BBC to the event and therefore please can you also indicate if you are happy for your daughter to appear in footage of the event and/or be interviewed by reporters.

In the event of an emergency we will be referring to the Parental Consent Form that you completed for use during this academic year, commencing September 2019. If there have been changes to any information you have submitted about your contact details or your child's medical needs, then please request a replacement form from your child's Pastoral Support Assistant. This must be submitted prior to the visit.

If you have any questions, please do not hesitate to contact the College.

Yours faithfully

Mrs P Laban
PSHE Coordinator
