Health and Social Care	Grades are based on the completion of units and work that has been internally moderated. The following units have been completed: Unit 1, Unit 2, Unit 5, Unit 14, Unit 7.	Grades can also be evidenced using tasks that meet command verbs for assessment criteria eg. Task 1 to a Distinction may not require a Task 2 if the student has covered all command verbs to the level of Distinction Task 1 for more than one other unit. In class students aim to complete task 1 in other units to the distinction level rather than aim to complete the unit pass criteria the focus is on the evidence for the level they can achieve matching the command verbs
